SUBJECT

AREA: Air Forces

IEG PI NOTICE

DISTRIBUTION:

All PI's

No. 56-75

TITLE/SIGNIFICANCE:

Modified HIND-A (MI-24)

COMMENT: The modified HIND-A has two tandem bubble-shaped canopies and a forward fuselage approximately three feet longer than that of a standard HIND. Some of the modified HIND-A have the tail rotor on the left side of the fuselage instead of on the right side normally seen on the HIND.
